INTERNATIONAL PLEDGE FOR NURSES

In full knowledge of the obligations I am undertaking,
I promise to care for the sick with all the skill and
understanding I possess, without regard to race, creed,
color, politics or social status, sparing no effort to
conserve life, to alleviate suffering and to promote
health.

I will respect at all times the dignity and religious beliefs
of the patients under my care, holding in confidence all
personal information entrusted to me and refrain from
any action which might endanger life or health.

I will endeavor to keep my professional knowledge and
skill at the highest level and to give loyal support and
cooperation to all members of the health team.

I will do my utmost to honor the international code of
ethics applied to nursing and to uphold the integrity of
the professional nurse.
